INTRODUCTION	
Coastal zone management for marine conservation in Hong Kong: the need for regional co-operation in southern China <i>B. Morton</i>	3
TAXONOMY AND ANATOMY	
Additions to the apseudomorph tanaidaceans (Crustacea: Peracarida) of Hong Kong <i>R.N. Bamber</i>	37
A new species of <i>Colanthura</i> (Crustacea: Peracarida: Isopoda: Anthuridea) from Hong Kong <i>R.N. Bamber</i>	53
Mysids (Crustacea: Mysidacea) from Hong Kong, with a description of a new species of <i>Heteromysis</i> (Mysinae: Heteromysini) <i>R.N. Bamber</i>	57
Additions to the tanaidomorph Tanaidacea (Crustacea: Peracarida) of Hong Kong <i>G.J. Bird and R.N. Bamber</i>	65
Barnacles (Cirripedia: Thoracica) from epibenthic substrata in the shallow offshore waters of Hong Kong <i>T.Y. Leung and D.S. Jones</i>	105

- Egg capsules and early development of *Siphonaria japonica* (Gastropoda: Pulmonata) 129
R. Huang and B.K.K. Chan
- An investigation of the taxonomic status of *Siphonaria* species in Hong Kong, using shell morphometrics and allozymes 137
G.P. Slingsby, R.I. Lewis and G.A. Williams
- Genetic diversity of *Saccostrea cucullata* (Bivalvia: Ostreidae) within the Cape d'Aguilar Marine Reserve, Hong Kong 147
K. Lam, Q. Huang, X.Y. Chen and B. Morton
- Anatomy of some subtidal Opisthobranchia (Mollusca: Gastropods) from Hong Kong waters 157
K.R. Jensen
- Observation on egg capsules and protoconchs of some marine prosobranch Gastropoda from Hong Kong 183
J. Knudsen

BEHAVIOUR AND PHYSIOLOGY

- Diet and feeding preference of *Turbo cornutus* (Gastropoda: Turbinidae) in Hong Kong 205
B.K.K. Chan and R. Huang
- Activity patterns of *Clithon oualaniensis* (Mollusca: Gastropoda) on intertidal seagrass beds in Hong Kong 217
Y. Takada
- The hypoxia tolerances of subtidal marine bivalves from Hong Kong 229
S. Nicholson and B. Morton
- Mucous production and morphometrics in the mangrove littorinids, *Littoraria melanostoma* and *L. ardouiniana* 241
O.H.K. Lee and M.S. Davies
- Scavenging behaviour of *Nassarius pauperus* (Gastropoda: Nassariidae) from the dynamic subtidal sands of Lobster Bay, Cape d'Aguilar Marine Reserve, Hong Kong 255
B. Morton and K. Chan
- Osmoregulation in the highshore crab *Grapsus albolineatus* from Cape d'Aguilar, Hong Kong 267
D. Morritt and G. A. Williams

- Osmoregulation in larvae of the mosquito *Aedes togoi* from supralittoral rock pools at Cape d'Aguilar, Hong Kong 277
D. Morritt and G.A. Williams

- The swimming rhythm of *Dynoides daguilarensis* (Isopoda) at the Cape d'Aguilar Marine Reserve, Hong Kong 287
L. Li

MARINE PARKS AND RESERVES

- Underwater maps of the Cape d'Aguilar Marine Reserve, Hong Kong 301
P.A. Hodgson

- The biogeomorphology of the Ting Kok mangrove, Tolo Harbour, Hong Kong* 319
Q.M. Zhang, S. Liu, S.Z. Lui and Y.C. Zhang

- The distribution and shell allometry of the rock oyster *Saccostrea cucullata* (Born, 1778) at the Ting Kok mangrove, Hong Kong* 331
H.M.C. Chiu

- A re-survey of the coral communities in the Cape d'Aguilar Marine Reserve, Hong Kong 341
T.H. Clark

- Shallow scleractinian coral communities of Yan Chau Tong/Lai Chi Wo Marine Park and Outer Double Heaven, Hong Kong 351
D. McCorry

- The reef fish species of the Cape d'Aguilar Marine Reserve, Hoi Ha Wan Marine Park, Yan Chau Tong Marine Park and Ping Chau, Hong Kong 369
A.S. Cornish

POLLUTION

- Barnacles as biomonitors of trace metal availabilities in Hong Kong coastal waters: 1998 update 385
G. Blackmore and P.S. Rainbow

- Trace metals in portunid swimming crabs from the southeastern waters of Hong Kong 411
G. Blackmore and P.S. Rainbow

* These papers are placed in this section because of the editor's view that the Ting Kok mangrove should be declared a marine reserve.

- Trace metals in the sublittoral epibenthic *Bufonaria rana* (Gastropoda: Bursidae) 435
from the southeastern waters of Hong Kong
G. Blackmore and P.S. Rainbow
- Tolo revisited: a resurvey of the corals and their metal burdens in Tolo 455
Harbour and Channel twelve years and one million people later
D. McCorry and G. Blackmore
- A survey of imposex levels in subtidal gastropods (Mollusca: Gastropoda) 485
from Hong Kong
Z.Y. Li
- An analysis of a fish kill at Ping Chau, Hong Kong, April 1998 507
A.S. Cornish and J.C.Y. Lun
- Epibenthic crab (Crustacea: Brachyura) assemblages of the southeastern waters 517
of Hong Kong: the 1998 trawl programme
G. Blackmore and P.S. Rainbow
- Changes in the epibenthic crab assemblages of the southeastern waters of 535
Hong Kong: a comparison of the 1992, 1995 and 1998 trawl programmes
S.Y. Lee, G. Blackmore and P.S. Rainbow
- The 1998 resurvey of the subtidal molluscan community of the southeastern 553
waters of Hong Kong, six years after dredging began and three since it ended
K.F. Leung and Brian Morton
- The prawn resources of the southeastern waters of Hong Kong: a comparison 619
of the 1992, 1995 and 1998 trawl surveys
S.F. Leung and K.F. Leung
- Effects on the benthic fish fauna during and after large-scale dredging in the 651
southeastern waters of Hong Kong
A.W.Y. Leung
