

Contents

Preface	xi
Acknowledgments	xiii
Introduction	xv
What Is Tundra?	xv
Where Is the Tundra?	xvi
Why Is the Tundra Important?	xviii
1 ♦ Climate of the Tundra	1
Patterns of Tundra Distribution	1
<i>Latitude</i>	1
Global Climate Patterns	6
<i>Albedo</i>	8
The Atmosphere and Climate	10
The Oceans and Climate	11
<i>The Oceanic Conveyor Belt</i>	13
Arctic Climate	14
<i>A Year in the Arctic</i>	16
Aurora	16
Antarctic Climate	17
Microclimate	18
<i>Aspect and Microclimate</i>	19
<i>Humidity</i>	20
Alpine Climate	21
<i>Lapse Rate</i>	22
<i>Timberlines</i>	22
Conclusions	26
2 ♦ Geology of the Tundra	28
The Rock Cycle	28
Plate Tectonics	29
Tectonic History of the Tundra Lands	33
Polar Rocks	35
Alpine Rocks	36

Snow and Ice	37
Ice Sheets, Ice Shelves, and Sea Ice	38
<i>Nunataks</i>	38
Ice Caps and Glaciers	40
<i>Crevasses</i>	44
Glacial Debris and Its Deposition	44
Sorting by Water and Wind	49
<i>Particle Size</i>	50
Geology and Rock Weathering	52
<i>Acidity and pH</i>	54
Soil Formation and Maturation	54
<i>The Soil Profile of a Podzol</i>	56
Periglacial Features	60
Conclusions	62
3 ♦ Types of Tundra	64
Tundra Forms	64
<i>Vegetation Structure</i>	64
Polar Desert	65
Dwarf Shrub Tundra	66
Tall Shrub Tundra	71
Forest Tundra	71
Coastal Tundra	74
Tundra Wetlands	74
Antarctic Tundra	78
Alpine Tundra	79
Tropical Alpine Habitats	82
Conclusions	85
4 ♦ The Tundra Ecosystem	86
What Is an Ecosystem?	86
<i>Energy</i>	87
Primary Productivity in the Tundra	88
<i>Resource Allocation</i>	89
Food Webs in the Tundra	91
Element Cycling in the Tundra	93
<i>Nitrogen Fixation</i>	97
Decomposition in the Tundra	98
<i>Nitrification</i>	98
Ecosystem Development and Stability	99
<i>The Concept of Stability</i>	100
Productivity and Population Cycles in the Tundra	101
Alpine Tundra Ecosystems	102
Conclusions	102
5 ♦ Biology of the Tundra	104
Wrapping up in the Freezer	104
<i>Hair</i>	105

Cold Stress	109
Plant Forms in the Tundra	110
<i>Plant Life-forms</i>	112
<i>Biological Spectrum</i>	113
Body Size in the Tundra	113
Color in the Tundra	115
<i>Why Be an Evergreen?</i>	116
Drought in the Tundra	119
<i>Transpiration, Water Potential, and Wilt</i>	120
Waterlogging and Oxygen Shortage	121
Reproduction and Dispersal in the Tundra	123
<i>r- and K-selection</i>	125
<i>Pollination</i>	126
Grazing in the Tundra	129
Behavioral Adaptations: Hibernation or Migration?	130
Conclusions	134
6 ♦ Biodiversity of the Tundra	136
The Meaning of Biodiversity	136
Patterns of Biodiversity	137
Biodiversity in Succession	139
<i>Succession</i>	140
Microbes in the Tundra	141
<i>Cyanobacteria</i>	142
Tundra Lichens	143
<i>Lichens</i>	143
Tundra Mosses and Liverworts	145
The Tundra Soil Fauna	147
Vascular Plants in the Tundra	149
Tundra Arthropods	152
Birds of the Northern Tundra	154
<i>Ross's Gull</i>	156
Alpine Tundra Birds	161
<i>Condors</i>	163
Birds of the Southern Tundra	164
Polar Tundra Mammals	165
Alpine Tundra Mammals	170
Conclusions	174
7 ♦ Geological and Biological History of the Tundra	176
Glacial History of the Earth	176
The Pleistocene Glaciations	178
<i>Uniformitarianism</i>	179
<i>Radiocarbon Dating</i>	180
<i>Oxygen Isotopes</i>	181
Causes of Glaciation	183
<i>Glaciation and Sea Level Change</i>	183

Stratigraphy and Recent History of Tundra	186
<i>Pollen Analysis</i>	188
The End of the Ice Age	190
After the Ice	192
Conclusions	194
8 ♦ People in the Tundra	196
The Emergence of Modern Humans	196
Early Tundra People and the Megafauna	197
<i>Mammoths</i>	198
<i>Early Tundra Art</i>	200
Modern Tundra People	202
Arctic Exploration	203
Antarctic Exploration	206
Alpine Tundra Exploration	208
Conclusions	209
9 ♦ The Value of the Tundra	211
The Problem of Evaluation	211
Hunting and Trapping	212
Mineral Reserves	214
Ecotourism and Recreation	216
Tundra and the Carbon Cycle	219
<i>Carbon Cycle and the Greenhouse Effect</i>	220
Conclusions	221
10 ♦ The Future of the Tundra	222
The Threat of Climate Change	222
Biological Responses to Climate Change	224
Ozone Holes	226
Pollution of the Tundra	226
<i>History of the Ozone Holes</i>	227
Tundra Conservation	229
<i>Albatrosses</i>	230
Conclusions	232
11 ♦ General Conclusions	234
Glossary	237
Further Reading	247
Web Sites	249
Index	251
