Preface	vii
Acknowledgments	ix
Introduction	x

PART ONE

The Polar Regions

1. The Unique Polar Regions	3
2. The Nature of the Arctic and Antarctic	13
3. Life on Land in the Polar Regions	23
4. Life in the Polar Seas	36

PART TWO

Atmospheric Pollution and the Polar Regions

5. The Antarctic Ozone Hole	53
6. Global Warming and the Polar Regions	64
7. The Effects of Global Warming on the Polar Regions	79
8. Future Polar Climate	93
9. Tackling Global Warming	101

	PART THREE	
	Chemical Pollution of the Arctic	109
	10. Arctic Chemical Pollution	111
	11. The Effects of Chemicals on Arctic Wildlife	125
	PART FOUR	
	Overfishing and Overhunting in the Polar Regions	141
	12. Threats to Fish and Fisheries	143
	13. Threats to Marine Mammals and Birds	152
	PART FIVE	
	The Future of the Polar Regions	167
	14. Protecting the Polar Regions	169
	Conclusion	177
	Glossary	181
	Further Reading	194
	Index	197
