

Contents

Preface and Acknowledgments	iii
The Editors	iv
The Contributors	vi
Part I: Introduction	1
Introduction to Virus Taxonomy	3
Glossary of Abbreviations	8
Families and Genera of Viruses Listed According to the Nature of the Genome	10
Virus Diagrams	15
Part II: The Viruses	21
Order of Presentation of Virus Taxonomic Descriptions	23
The Double Stranded DNA Viruses	37
The Single Stranded DNA Viruses	329
The Reverse Transcribing DNA and RNA Viruses	427
The Double Stranded RNA Viruses	497
The Negative Sense Single Stranded RNA Viruses	651
The Positive Sense Single Stranded RNA Viruses	783
The Unassigned Viruses	1197
The Subviral Agents	1209
Satellites	1211
Viroids	1221
Fungal Prions	1235
Vertebrate Prions	1247
Part III: The International Committee on Taxonomy of Viruses	1261
Officers and Members of the ICTV	1263
Executive Committee ICTV 2008–2011	1263
Executive Committee ICTV 2005–2008	1263
Life Members ICTV 2008–2011	1264
National Representatives 2008–2011	1264
ICTV Subcommittees and Study Groups 2011	1266
The Statutes of the ICTV, 2008	1269
The International Code of Virus Classification and Nomenclature, 2002	1273

Part IV: The Indexes	1279
Virus Index	1281
Taxonomic Index	1326
