

XI	PREFACE, DEDICATION, AND ACKNOWLEDGMENTS / CAROLE T. GEE
----	--

XIX	THE CAREER OF TED DELEVORYAS: APPRECIATION AND PUBLICATIONS / THOMAS N. TAYLOR, EDITH L. TAYLOR, AND CHARLES P. DAGHLIAN
-----	---

Part 1 Morphological Innovations in Mesozoic Plants

1	Architectural Innovation and Developmental Controls in Some Mesozoic Gymnosperms, or, Why Do The Leaf Crowns in Mesozoic Forests Look Tufted?
---	---

5	IAN SUSSEX, NANCY KERK, AND CAROLE T. GEE
---	---

2	Modern Traits in Early Mesozoic Sphenophytes: The <i>Equisetum</i> -like Cones of <i>Spaciinodum collinsonii</i> with In Situ Spores and Elaters from the Middle Triassic of Antarctica
---	---

15	ANDREW B. SCHWENDEMANN, THOMAS N. TAYLOR, EDITH L. TAYLOR, MICHAEL KRINGS, AND JEFFREY M. OSBORN
----	---

3	Pollen and Coprolite Structure in <i>Cycadeoidea</i> (Bennettitales): Implications for Understanding Pollination and Mating Systems in Mesozoic Cycadeoids
---	--

35	JEFFREY M. OSBORN AND MACKENZIE L. TAYLOR
----	---

4	Independent Evolution of Seed Enclosure in the Bennettitales: Evidence from the Anatomically Preserved Cone <i>Foxeoidea connatum</i> gen. et sp. nov.
---	--

51	GAR W. ROTHWELL AND RUTH A. STOCKEY
----	-------------------------------------

- 5 A Mosaic of Characters in a New Whole-Plant
Araucaria, *A. delevoryasii* Gee sp. nov., from the Late
Jurassic Morrison Formation of Wyoming, U.S.A.

67 CAROLE T. GEE AND WILLIAM D. TIDWELL

- 6 Major Innovations in Angiosperm Evolution

97 DAVID L. DILCHER

- 7 Implications of Fossil Floral Data on Understanding the Early
Evolution of Molecular Developmental Controls of Flowers

119 DAVID WINSHIP TAYLOR

Part 2 Phylogeny of Mesozoic Plants

- 8 Late Triassic Ginkgoeans of North America

173 SIDNEY R. ASH

- 9 Review of the Cycads and Bennettitaleans
from the Mesozoic of Argentina

187 N. RUBÉN CÚNEO, IGNACIO ESCAPA, LILIANA VILLAR DE SEOANE, ANALÍA ARTABE,
AND SILVIA GNAEDINGER

- 10 The Bennettitales (Cycadeoidales): A Preliminary
Perspective on This Arguably Enigmatic Group

215 WILLIAM L. CREPET AND DENNIS W. STEVENSON

- 11 Endemism of Early Cretaceous Conifers in Western Gondwana

247 SERGIO ARCHANGELSKY AND GEORGINA M. DEL FUEYO

- 12** Oldest Known Dicotyledonous Lianas from the Early
Late Cretaceous of Utah and New Mexico, U.S.A.
271 WILLIAM D. TIDWELL, SIDNEY R. ASH, AND BROOKS B. BRITT

Part 3 Ecosystems and Mesozoic Plants

- 13** Palynological Evidence for Conifer Dominance
within a Heterogeneous Landscape in the Late
Jurassic Morrison Formation, U.S.A.
295 CAROL L. HOTTON AND NINA L. BAGHAI-RIDING

- 14** Mesozoic Plants and Dinosaur Herbivory
331 P. MARTIN SANDER, CAROLE T. GEE, JÜRGEN HUMMEL, AND MARCUS CLAUSS
