------------------	----------

ALGAE AND THEIR ROLE IN NATURAL ECOSYSTEMS

1. The algae: an overview	3
<i>Marilyn M. Harlin and W. Marshall Darley</i>	
2. Structure and role of algae in tropical reef communities	29
<i>Mark M. Littler and Diane S. Littler</i>	
3. Algae and the environment: the Great Lakes case	57
<i>Eugene F. Stoermer</i>	

ALGAE FOR FOOD AND FOOD SUPPLEMENTS

4. <i>Porphyra</i> as food: cultivation and economics	87
<i>Thomas F. Mumford, Jr., and Akio Miura</i>	
5. Cultivated edible kelp	119
<i>Louis D. Druehl</i>	
6. Food and food products from seaweeds	135
<i>Isabella A. Abbott</i>	
7. <i>Spirulina</i> : a model for microalgae as human food	149
<i>Alan Jassby</i>	
8. Some public health aspects of microalgal products	181
<i>Alan Jassby</i>	

ALGAE IN INDUSTRY, ENVIRONMENTAL MANAGEMENT, AND AGRICULTURE

9. Commercial production and applications of algal hydrocolloids	205
<i>Jerry G. Lewis, Norman F. Stanley, and G. Gordon Guist</i>	
10. Lipids and polyols from microalgae	237
<i>Kenneth G. Spencer</i>	

11. The role of microalgae in liquid waste treatment and reclamation <i>William J. Oswald</i>	255
12. Hydrogen production by algal water splitting <i>Elias Greenbaum</i>	283
13. Products from fossil algae <i>Richard W. George</i>	305
14. Algae and agriculture <i>Blaine Metting, William R. Rayburn, and Pierre A. Reynaud</i>	335

ADVERSE IMPACTS OF ALGAE

15. Marine dinoflagellate blooms: dynamics and impacts <i>Karen A. Steidinger and Gabriel A. Vargo</i>	373
16. Hazards of freshwater blue-green algae (cyanobacteria) <i>Paul R. Gorham and Wayne W. Carmichael</i>	403
17. Marine biofouling <i>L. V. Evans</i>	433
18. Algae as weeds: economic impact, ecology, and management alternatives <i>Carole A. Lembi, Steven W. O'Neal, and David F. Spencer</i>	455

THE FUTURE OF ALGAE IN HUMAN AFFAIRS

19. Algae in space <i>Robert A. Wharton, Jr., David T. Smernoff, and Maurice M. Averter</i>	485
20. The genetic improvement of algae: progress and prospects <i>John P. van der Meer</i>	511
21. A future of phycotechnology <i>Arthur Michio Nonomura</i>	529
