Foreword SANDRA L. VEHRENCAMP xi

Preface xix

Part I Reproductive skew theory 1

- 1 Models of reproductive skew: outside options and the resolution of reproductive conflict 3
RUFUS A. JOHNSTONE AND MICHAEL A. CANT
- 2 Reproductive conflict and the evolution of menopause 24
MICHAEL A. CANT, RUFUS A. JOHNSTONE, AND ANDREW F. RUSSELL

Part II Testing assumptions and predictions of skew models 51

- 3 Reproductive skew in female-dominated mammalian societies 53
KAY E. HOLEKAMP AND ANNE L. ENGH
- 4 The effects of heterogeneous regimes on reproductive skew in eutherian mammals 84
CLARA B. JONES
- 5 Social skew as a measure of the costs and benefits of group living in marmots 114
THEA B. WANG, PETER NONACS, AND DANIEL T. BLUMSTEIN
- 6 Explaining variation in reproductive skew among male langurs: effects of future mating prospects and ecological factors 134
REINMAR HAGER

- 7 The causes and consequences of reproductive skew
in male primates 165
NOBUYUKI KITSUKAKE AND CHARLES L. NUNN
- 8 Sociality and reproductive skew in horses and zebras 196
DANIEL I. RUBENSTEIN AND CASSANDRA M. NUÑEZ
- 9 Reproductive skew in avian societies 227
WALTER D. KOENIG, SHENG-FENG SHEN, ALAN H. KRAKAUER,
AND JOSEPH HAYDOCK
- 10 Reproductive skew in cooperative fish groups: virtue
and limitations of alternative modeling approaches 265
MICHAEL TABORSKY
11. Reproductive skew in primitively eusocial wasps:
how useful are current models? 305
JEREMY FIELD AND MICHAEL A. CANT

Part III Resolving reproductive conflicts: behavioral and physiological mechanisms 335

- 12 Reproductive skew in female common marmosets:
contributions of infanticide and subordinate
self-restraint 337
DAVID H. ABBOTT, LESLIE DIGBY, AND WENDY SALTZMAN
- 13 Reproductive skew in African mole-rats: behavioral
and physiological mechanisms to maintain high skew 369
CHRIS G. FAULKES AND NIGEL C. BENNETT
- 14 The causes of physiological suppression in vertebrate
societies: a synthesis 397
ANDREW J. YOUNG

Part IV Future directions 437

- 15 Understanding variation in reproductive skew:
directions for future empirical research 439
SARAH J. HODGE
- 16 On the evolution of reproductive skew: a genetical view 467
W. EDWIN HARRIS AND REINMAR HAGER
- 17 Social conflict resolution, life history, and the
reconstruction of skew 480
BERNARD J. CRESPI
