

Brief Contents

PART I	INTRODUCTION TO THE MAMMALIA	1	PART III	MAMMALIAN STRUCTURE AND FUNCTION	383
Chapter 1	Introduction	3	Chapter 20	Reproduction	385
Chapter 2	Mammalian Characteristics	15	Chapter 21	Aspects of Physiology	421
Chapter 3	Mammalian Origins	43	Chapter 22	Echolocation	467
Chapter 4	Classification of Mammals	63	PART IV	ECOLOGY, BEHAVIOR, AND CONSERVATION	493
PART II	MAMMALIAN DIVERSITY	71	Chapter 23	Ecology	495
Chapter 5	Monotremata	73	Chapter 24	Behavior	547
Chapter 6	Metatheria	83	Chapter 25	Zoogeography	599
Chapter 7	Introduction to Eutherian Mammals	113	Chapter 26	Mammalian Conservation Ethics	627
Chapter 8	Afrosoricida, Macroscelidea, and Tubulidentata	119			
Chapter 9	Paenungulata	131	Chapters 27 and 28 are available online only, at http://www.jbpub.com/catalog/9780763762995/		
Chapter 10	Cingulata, Pilosa, and Pholidota	147	Chapter 27	Mammalian Domestication	W-1
Chapter 11	Dermoptera and Scandentia	161	Chapter 28	Mammalian Disease and Zoonoses	W-19
Chapter 12	Primates	167			
Chapter 13	Rodentia and Lagomorpha	197			
Chapter 14	Erinaceomorpha and Soricomorpha	241			
Chapter 15	Chiroptera	255			
Chapter 16	Carnivora	293			
Chapter 17	Perissodactyla	321			
Chapter 18	Artiodactyla	337			
Chapter 19	Cetacea	361
