Chapter 1	Introduction to Reptilian Toxicology.....	1
<i>Susan C. Gardner</i>		
Chapter 2	Global Threats Affecting the Status of Reptile Populations....	9
<i>Lisa Irwin and Kelly Irwin</i>		
Chapter 3	Use of Tissue Residues in Reptile Ecotoxicology: A Call for Integration and Experimentalism	35
<i>William A. Hopkins</i>		
Chapter 4	Tools for Assessing Contaminant Exposure and Effects in Reptiles	63
<i>Carys L. Mitchelmore, Christopher L. Rowe, and Allen R. Place</i>		
Chapter 5	Hepatic, Renal, and Adrenal Toxicology	123
<i>Patricia McClellan-Green, Malin Celander, and Eva Oberdörster</i>		
Chapter 6	Developmental and Reproductive Effects.....	149
<i>Emily Willingham</i>		
Chapter 7	Neurotoxicology and Behavioral Effects in Reptiles	173
<i>Joanna Burger</i>		
Chapter 8	Immunotoxicology and Implications for Reptilian Health... 	199
<i>Jennifer M. Keller, Margie M. Peden-Adams, and A. Alonso Aguirre</i>		
Chapter 9	Reptilian Genotoxicity.....	241
<i>Apolonia Novillo, Noppadon Kitana, Emily Marquez, and Ian P. Callard</i>		
Chapter 10	Reptile Ecotoxicology: Studying the Effects of Contaminants on Populations.....	267
<i>Kyle W. Selcer</i>
