Preface to Series	v
Preface to Volume 1	vii
Dedication	ix
Contributors	x
Chapter 1. The Structure of the Integument. Harold Fox	1
Chapter 2. Ontogenesis of Amphibian Epidermis. Michael R. Warburg, Dina Lewinson and Mira Rosenberg	33
Chapter 3. Pigmentation. Sally Frost-Mason, Randall Morrison and Kenneth Mason ..	64
Chapter 4. Biophysics of Ion Exchange across Amphibian Skin. Uri Katz and Wolfram Nagel	98
Chapter 5. The Role of Cutaneous Acid-Base-Electrolyte Exchange in Extracellular pH Regulation. Daniel F. Stiffler	120
Chapter 6. Effects of Skin Circulation on Water Exchange. Robert H. Parsons	132
Chapter 7. Cardiovascular Regulation of Cutaneous Gas Exchange. Gary M. Malvin	147
Chapter 8. Effects of Unstirred Layers on Cutaneous Gas Exchange. David T. Booth	168
Chapter 9. Bioactive Secretions of the Amphibian Integument. Vittorio Erspamer ..	178
Chapter 10. Role of the Skin in Reproduction and Behaviour. Lynne D. Houck and David M. Sever	351
Chapter 11. Biological Roles of Amphibian Skin Secretions: George T. Barthalmus ..	382
Index	411

ERRATA

- Page vii. 4th paragraph, 4th line — rose should read role.
- Page 47. Fig. 7 caption, a. — asnhydase should read anhydase.
- Page 62. Appendix 1, 2nd paragraph, last line — metamorphoic should read metamorphic.
- Page 119. Appendix 3 — *Hyla arenicolour* should read *Hyla arenicolor*; *Agalychnis dacnicolour* should read *Agalychnis dacnicolor*.
- Page 148. 1st paragraph, 10th line — *Plethodon jordani* should be in italics.
