Preface to Series	v
Preface to Volume 4	vii
Dedication	ix
Contributors	xii
Chapter 1. The Fossil Record and Large-scale Patterns of Amphibian Evolution. Robert L. Carroll	973
Chapter 2. The Origin of Tetrapods. Jennifer A. Clack	979
Chapter 3. Early Carboniferous Tetrapods. Jennifer A. Clack and Robert L. Carroll	1030
Chapter 4. Palaeobiology of <i>Whatcheeria deltae</i> , a Primitive Mississippian Tetrapod. John R. Bolt and R. Eric Lombard	1044
Chapter 5. Anthracosaurs. Tim Smithson	1053
Chapter 6. Seymouriamorphs. Michel Laurin	1064
Chapter 7. Palaeozoic Temnospondyls. Robert Holmes	1081
Chapter 8. Secondarily Aquatic Temnospondyls of the Upper Permian and Mesozoic. Anne Warren	1121
Chapter 9. Branchiosaurs: Larvae, Metamorphosis and Heterochrony in Temnospondyls and Seymouriamorphs. Jürgen A. Boy and Hans-Dieter Sues	1150
Chapter 10. Lepospondyls. Robert L. Carroll	1198
Chapter 11. The Lissamphibian Enigma. Robert L. Carroll	1270
Chapter 12. Anatomical Transformations in the Transition from Temnospondyl to Proanuran Stages. Zbyněk Roček and Jean-Claude Rage	1274
Chapter 13. Proanuran Stages (<i>Triadobatrachus</i> <i>Czatkobatrachus</i>). Zbyněk Roček and Jean-Claude Rage	1283
Chapter 14. Mesozoic Anurans. Zbyněk Roček	1295
Chapter 15. Tertiary Anura of Africa, Asia, Europe and North America. Jean-Claude Rage and Zbyněk Roček	1332
Chapter 16. Tertiary Anura of South America. Ana Marie Báez	1388
Chapter 17. <i>Eocaecilia</i> and the Origin of Caecilians. Robert L. Carroll	1402
Chapter 18. Mesozoic and Tertiary Caudata and Albanerpetontidae. Andrew R. Milner	1412
Chapter 19. Pleistocene Amphibia: Evolutionary Stasis, Range Adjustment and Recolonization Patterns. J. Alan Holman	1445
Appendix 1. Key to abbreviations used in the figures of volume 4	1459
Appendix 2. Classification of the Amphibians mentioned in volume 4	1462
Index	1471
