

CONTENTS

Preface		vii
Chapter 1	On Possible Coherent Effects in Primary Visual Perception <i>V. D. Svet and A.M. Khazen</i>	1
Chapter 2	Photobiology of Infant Skin <i>Georgios N. Stamatas, M. Catherine Mack and Katharine M. Martin</i>	39
Chapter 3	Molecular Typing of Polymorphic Genes by Time-Resolved Fluorescence Resonance Energy Transfer <i>L. Nardo, M. Bondani, G. Tosi, R. S. Accolla and A. Andreoni</i>	69
Chapter 4	Protein Photo-Oxidative Damage – Consequences, Characterisation and Control <i>Jolon M. Dyer</i>	91
Chapter 5	Early Stages in Formation of Photosynthetic Pigment Apparatus <i>Olga B. Belyaeva and Felix F. Litvin</i>	115
Chapter 6	Chemopreventive Action of Organic and Inorganic Materials on Phototoxic Effect <i>Kazutaka Hirakawa</i>	137
Chapter 7	Pigmentation as a UV-Screening Strategy of Lichenized Fungi from the Tropical Andes and its Possible Role on Planetary Surfaces <i>Vicente Marciano, José Alberto Rojas, Alirio Balza, Ricardo Díaz, Roxana Pérez and Pedro Benitez</i>	159
Chapter 8	Diversity and Evolution of Animal Rhodopsin and Phototransduction Cascade <i>Akihisa Terakita</i>	179

Chapter 9	Effects of Natural Ultraviolet Radiation Exposure in Inland Water Ecosystems of Chilean Patagonia <i>Patricio De los Ríos and Patricio Acevedo</i>	195
Chapter 10	Folic Acid - An Important Factor for Skin Homeostasis and Repair <i>Anja Knott, Heiko Mielke, Katja Reuschlein, Sören Jaspers, Urte Koop, Franz Stäh, Horst Wenck and Stefan Gallinat</i>	209
Chapter 11	Transcriptional Changes in Energy Metabolism and Protein Synthesis Predominate in the Early Phase After Photodynamic Therapy <i>Yuji Morimoto, Kouji Matsumura, Yoshinori Nakagishi and Satoko Kawauchi</i>	219
Chapter 12	The Oriental Hornet <i>Vespa Orientalis</i> (Hymenoptera: Vespinae) Cuticular Yellow Stripe as an Organic Solar Cell: A Hypothesis <i>Marian Plotkin, Stanislav Volynchik, Reuben Hiller, David J. Bergman and Jacob S. Ishay</i>	233
Chapter 13	Commentary: Application of Imaging Mass Spectrometry to Photobiology <i>Takahiro Hayasaka, Takayuki Naito and Mitsutoshi Setou</i>	243
Chapter 14	Coordinative and Dynamic Regulation of Translation and Transcription by Nitric Oxide and Superoxide upon Ultraviolet Light Irradiation <i>Shiyong Wu and Oliver L. Carpenter</i>	251
Chapter 15	Photodynamic Therapy with Preserved Immune System – Expectation for Treatment for Localized Bacterial Infection <i>Yuji Morimoto, Masamitsu Tanaka and Manabu Kinoshita</i>	269
Index		273
