

Chapter 9	<i>Stenotrophomonas Maltophilia</i> Biofilms <i>Beatriz Passerini de Rossi and Mirta Franco</i>	319
Chapter 10	Application of Biofilm in the Degradation of Contaminants in Industrial Effluents <i>Antônio Augusto Ulson de Souza, Josiane Maria Muneron de Mello, Heloisa Lima Brandão, Adriano da Silva and Selene Maria de Arruda Guelli Ulson de Souza</i>	345
Chapter 11	Drug Resistance Mechanisms of Fungal Biofilms <i>C. Jayampath Seneviratne and Lakshman P. Samaranayake</i>	373
Chapter 12	Biofilms in Urology <i>Dirk Lange, Peter Cadieux and Ben H. Chew</i>	397
Chapter 13	Plasma-Surface Engineering for Biofilm Prevention: Evaluation of Anti-Adhesive and Antimicrobial Properties of A Silver-Nanocomposite Thin Film <i>Muriel Mercier-Bonin, Claire Saulou, Nathalie Lebleu, Philippe Schmitz, Audrey Allion, Sandrine Zanna, Philippe Marcus, Patrice Raynaud, Bernard Despax</i>	419
Chapter 14	Biofilms and Orthopaedic Device-Related Infections <i>Oscar Murillo and Javier Ariza</i>	441
Chapter 15	Virulence Properties of Biofilms <i>Edvaldo Antonio Ribeiro Rosa</i>	463
Chapter 16	Biofilms and the Upper Respiratory System - the Continuous Interaction <i>Talal Alandejani</i>	485
Chapter 17	Microbial Biofilms and the Engineering of Net Sulfide Production in Wastewater Treatment Plants <i>A. Corzo, J. García de Lomas, D. Villahermosa, M.C. Portillo, J.M. González, J. A. Andrades, E. García-Robledo, C. Sáiz-Jimenez and M. Bethencourt</i>	501
Chapter 18	Development and Structure of Phototrophic Biofilms in Extreme Acidic Environments <i>Angeles Aguilera, Virginia Souza-Egipsy, Elena González-Toril and Ricardo Amils</i>	519
Chapter 19	Effect of Sucrose, Inverted Sugar and Phosphate on Cassava Starch Bio-Based Films: Mechanical, Barrier and Thermal Properties: Part I <i>P. Veiga-Santos L.M. Oliveira, C.I.G.L Sarantopoulos, M.P. Cereda and A.R.P. Scamparini</i>	535
