

Contents

	List of Contributors	iv
	Preface	vii
1	Norovirus Epidemiology J. Joutje Siebenga, Erwin Duizer and Marion P.G. Koopmans	1
2	Calicivirus Environmental Contamination Gail E. Greening and Sandro Wolf	25
3	Genome Organization and Recombination Rowena Bull and Peter A. White	45
4	Proteolytic Cleavage and Viral Proteins Stanislav V. Sosnovtsev	65
5	Calicivirus Protein Structures Kenneth K.S. Ng and Francisco Parra	95
6	Virus-Host Interaction and Cellular Receptors of Caliciviruses Ming Tan and Xi Jiang	111
7	Calicivirus Reverse Genetics and Replicon Systems Kyeong-Ok Chang and Yunjeong Kim	131
8	Feline Calicivirus Christine Luttermann and Gregor Meyers	145
9	Caliciviruses in Swine Yunjeong Kim and Kyeong-Ok Chang	169
10	Murine Norovirus Pathogenesis and Immunity Stephanie M. Karst	183
11	Murine Norovirus Translation, Replication and Reverse Genetics Akos Putics, Surender Vashist, Dalan Bailey and Ian Goodfellow	205
12	Rabbit Haemorrhagic Disease Virus and Other Lagoviruses Vernon K. Ward, Brian D. Cooke and Tanja Strive	223
	Index	247
