

目 录

意 识

Awareness:Functional Imaging	3
Blindsight:Residual Vision	11
Cognition:Neuropharmacology	16
Coma.....	24
Coma and Other Pathological Disorders of Consciousness	34
Consciousness:Neural Basis of Conscious Experience	39
Consciousness:Neurophysiology and Visual Awareness in	44
Consciousness:Philosophy	56
Consciousness:Theoretical and Computational Neuroscience	63
Consciousness:Theories and Models	69
The AIM Model of Dreaming,Sleeping,and Waking Consciousness.....	75
Vegetative State.....	83

情绪: 概述

Depression and the Brain.....	91
Emotion in Speech	103
Emotion Systems and the Brain	108
Emotion:Computational Modeling.....	114
Emotional Control of the Autonomic Nervous System	119
Nightmares	125
Sexual Behavior:Neuroendocrine Control	131

情绪: 厌恶

Amygdala:Contributions to Fear	139
Aversive Emotions:Genetic Mechanisms of Serotonin.....	145
Aversive Emotions:Molecular Basis of Unconditioned Fear	152
Emotion:Neuroimaging.....	159
Fear Conditioning and Synaptic Plasticity.....	166
Genetics of Human Anxiety and Its Disorders.....	172
Learned Flavor Aversions and Preferences.....	181
Panic Disorder	186
Pharmacology of Fear Extinction	191

Phobia and Human Evolution	197
Posttraumatic Stress Disorder as an Emotional Disorder	203

认知与情绪

Appetitive Systems: Amygdala and Striatum	213
Emotion and Vigilance	220
Emotional Hormones and Memory Modulation	228
Emotional Influences on Memory and Attention	236
Social Interaction Effects on Reward and Cognitive Abilities in Monkeys	242

情绪: 社会

Aggression: Hormonal Basis	255
Aggression: Neurochemical and Molecular Mechanisms	265
Emotional Learning in Humans	272
Neuroendocrinology of Social/Affiliative Behavior	277
Pheromones in Humans and Social Chemosignals	284
Social Brain: Evolution	291
Social Emotion: Neuroimaging	297
Social Interaction	302

奖励与奖励系统

Addiction: Neurobiological Mechanism	313
Connectivity of Primate Reward Centers	320
Cortical Processing of the Reward Value of Food	328
Dopamine: Cellular Actions	335
Drug Addiction: Behavioral Neurophysiology	339
Drug Addiction: Behavioral Pharmacology of Drug Addiction in Rats	345
Drug Addiction: Cellular Mechanisms	353
Drug Addiction: Neuroimaging	360
Drugs Addiction: Actions	373
Electrical Self-Stimulation	377
Energy Homeostasis: Endocannabinoid System	382
Goal-Directed Behavior Theories	390
3,4-Methylenedioxymethamphetamine (MDMA, "Ecstasy")	397
Neuropsychology of Primate Reward Processes	404
Prefrontal Contributions to Reward Encoding	411
Psychopharmacology of Reward and Appetite in Rats	420
Representation of Reward	426

Reward and Learning	431
Reward Decision-Making	434
Reward Neurophysiology and Orbitofrontal Cortex	440
Reward Neurophysiology and Primate Cerebral Cortex.....	446
Reward Processing:Human Imaging	455
Reward Systems:Human	464
Serotonin-Related Psychedelic Drugs.....	472
Substance Abuse and Dependence	480
Transcription and Reward Systems.....	487

压力与神经系统

Adrenal Steroids:Biphasic Effects on Neurons	497
Chronic(Repeated)Stress:Consequences,Adaptations	501
Circumventricular Organs in Neuroendocrine Control	508
Corticotropin-Releasing Hormone:Integration of Adaptive Responses to Stress.....	512
Diabetes Type 2 and Stress:Impact on Memory and the Hippocampus.....	519
Gene Therapy and Protection from Stress-Induced Brain Damage	526
Mother-Infant Interaction in the Variable Foraging Demand Model	532
Posttraumatic Stress Disorder:Overview	539
Social Stress in Adult Primates.....	545
Stress and Cognition.....	550
Stress and Neural Involvement in Metabolism	556
Stress and Neuronal Plasticity	564
Stress and Parasympathetic Control	568
Stress and Suicide	575
Stress and Vulnerability to Brain Damage	584
Stress Response and Self-Esteem	592
Stress Response:Genetic Consequences.....	597
Stress Response:Neural and Feedback Regulation of the HPA Axis.....	606
Stress Response:Sex Differences	612
Stress,Cytokines and Depressive Illness	619
Stress,Dopamine,and Puberty	628
Stress,Sex and Adolescent Nicotine Response	636
Stress,the HPA Axis and Depressive Illness.....	642
Stress:Definition and History	648
Stress:Homeostasis,Rheostasis,Allostasis and Allostatic Load	655
Sympathetic Noradrenergic and Adrenomedullary Hormonal Systems in Stress and Distress	660

Sympathoadrenal System:Neural Arm of the Stress Response.....	666
TIP39(Tuberoinfundibular Peptide of 39 Residues).....	672

原书词条中英对照表.....	681
