

CONTENTS*

Dedication		
Frontispieces I-II		
Imprimis		i-ii
Acknowledgements		iii-iv
Forewords I-III		v-x
Abbreviations		xi-xii
Introduction		1-16
Pteridophytic Vegetations in India	2-3	
Taxonomy of Indian Pteridophytes	3-5	
Census of Indian Pteridophytes	5-6	
Chromosome number and taxonomy	6-9	
Polyploidy and related issues	9-12	
Orthospecies and Nothospecies	12-13	
Cytology of Indian Pteridophytes	13	
The Chromosome Atlas	13-15	
Phytogeographic approach	15-16	
Alphabetic Listing of Generic Names		17-20
Lists Of Chromosome Numbers		21-268
LYCOPHYTINA (LYCOPSIDA)	23-35	
Family: Huperziaceae	23-24	
Family: Lycopodiaceae	24-26	
Family: Selaginellaceae	26-29	
Family: Isoetaceae	29-35	
SPHENOPHYTINA (SPHENOPSIDA)	35	
Family: Equisetaceae	35-37	
PSILOPHYTINA (PSILOTOPSIDA)	37	
Family: Psilotaceae	37-39	
FILICOPHYTINA (FILICOPSIDA)	39-268	
Family: Helminthostachyaceae	39	
Family: Botrychiaceae	39-40	
Family: Ophioglossaceae	40-52	
Family: Angiopteridaceae	52-53	
Family: Marattiaceae	53	
Family: Osmandaceae	53-55	
Family: Plagiogyriaceae	55	
Family: Gleicheniaceae	55-56	
Family: Grammitaceae	56-57	
Family: Loxogrammeae	57-58	
Family: Polypodiaceae	58-82	

Family: Dipteradeceae	82-83
Family: Schizaeaceae	83
Family: Lygodiaceae	84
Family: Sinopteridaceae	85-92
Family: Cryptogrammeae	92-96
Family: Actiniopteridaceae	96
Family: Pteridaceae	96-111
Family: Adiantaceae	111-129
Family: Hemionitidaceae	129-133
Family: Vittaraceae	133-134
Family: Parkeriaceae	134-135
Family: Marsileaceae	135-137
Family: Hymenophyllaceae	138-139
Family: Cyatheaceae	142-143
Family: Dennstaedtiaceae	143-145
Family: Hypolepidaceae	145-147
Family: Lindsaeaceae	147-149
Family: Thelypteridaceae	149-167
Family: Aspleniaceae	167-194
Family: Onocleaceae	194
Family: Woodsiaceae	194
Family: Athyriaceae	194-224
Family: Aspidiaceae	224-255
Family: Lomariopsidaceae	255-257
Family: Elaphoglossaceae	257-258
Family: Nephrolepidaceae	258-261
Family: Oleandraceae	261-262
Family: Davalliaceae	262-264
Family: Blechnaceae	264-267
Family: Azollaceae	267
Family: Salviniaceae	267-268

Addendum	269-270
Application of Cytological Data in the Understanding of Evolutionary Sequence and Phylogeny of the Indian Fern Families and Genera	271-288
Appendix-1 Chromosome number reports of Ferns of Pakistan	289-290
Appendix-2 Chromosome Number reports of members of <i>Pteris</i> Linn.	291-292
References	293-327
Index	329-346
