

Preface

China won the right to host the 16th IUAES World Congress in July, 2003. After six years of preparation, the Congress will be held in Kunming, China during July 27-31, 2009.

The International Union of Anthropological and Ethnological Sciences (IUAES) was established on August 23, 1948, when it merged, in fact, with the International Congress of Anthropological and Ethnological Sciences (ICAES), which was founded in 1934. The latter was the product of various Congresses of Anthropological Sciences, starting in 1865.

The IUAES is one of the member organizations of the International Social Science Council (ISSC) and also of the International Council for Philosophy and Humanistic Studies (CIPSH). The IUAES is also a member of the International Council of Scientific Unions (ICSU). Its aim is to enhance exchange and communication among scholars of all regions of the world, in a collective effort to expand human knowledge. In this way it hopes to contribute to a better understanding of human society, and to a sustainable future based on harmony between nature and culture. The IUAES once noted a draft statement on the future of world anthropology in "*Current Anthropology*" (1979): "The scope of anthropology in terms of areas of human interest includes such critical issues of the contemporary world as problems of environmental management, pressure for the progressive reduction of disparities and the restructuring of the world order, the future of the nation-state, ethnic pluralism and the future of national society, and the harmonization of the roles and functions of institutions with the basic and derived biological and psychic drives of man". The IUAES itself consists of national and institutional organizations in more than 50 countries in all parts of the world, and also includes some hundreds of individual members. The research effort and involvement of the IUAES is principally arranged by its scientific commissions, of which, currently, there are twenty-seven, and each of which concentrates on some area of anthropological interest. They included ethnic relations, aging and the aged, women, children, youth, migration, epidemiology and Aids, tourism, primatology, linguistics, and so on.

The theme of the 16th IUAES World Congress in Kunming, China is "Humanity, Development, and Cultural Diversity". The Anthropologists and Ethnologists around the world will present over 4,000 papers, which covered 33 sub-disciplines or research fields as follows: Aging and the Aged Studies, Aids, Archaeological Anthropology, Children, Youth and

Childhood Studies, Communication Anthropology, Development and Economic Anthropology, Educational Anthropology, Enterprise Anthropology, Ecological/ Environmental Anthropology, Ethnic Culture Studies, Ethnic Relations and Ethnic Identities, Food and Nutrition Anthropology, Gender and Woman Studies, Globalization Anthropology, Historical Anthropology, Human Ecology, Human Rights Studies, Indigenous Knowledge and Sustainable Development Studies, Legal Anthropology and Legal Pluralism, Linguistic Anthropology, Medical Anthropology and Epidemiology, Migration Anthropology, Museum and Cultural Heritage, Nomadic Peoples Studies, Physical Anthropology and Molecular Anthropology, Psycho-anthropology, Religious Studies, Sport Anthropology, Theoretical Anthropology, Tourism Anthropology, Urban Anthropology, Urgent Anthropological Research, and Yunnan Studies.

As the organizer of the 16th IUAES World Congress, The Chinese Union of Anthropological and Ethnological Sciences (CUAES) decided to edit and publish "Anthropology and Ethnology Today Series"—the paper collection series of the above sub-disciplines or research fields, for example, Physical Anthropology, Molecular Anthropology, Migration Anthropology, Museum and Cultural Heritage, Nomadic Peoples Studies, Linguistic Anthropology, Medical Anthropology, and Ethnic Culture Studies. We hope that the scholars from different parts of the world can share with all the achievements in the book series of this congress.
