- Labeling Exercises, Case Studies, Key Points, Quick Overviews, and more!

Laboratory Manual to accompany *Concepts in Biology*, Eleventh Edition
Eldon D. Enger and Frederick C. Ross ISBN 0-07-255290-5

The exercises in this laboratory manual are intended to supplement the text *Concepts in Biology*, but they can be used with any introductory-level biology text. The laboratory gives you the opportunity to "get your hands into biology." Go beyond reading and studying and actually enter into the process of doing science.

Student Study Guide to accompany *Concepts in Biology*, Eleventh Edition
Eldon D. Enger, Frederick C. Ross, and David B. Bailey ISBN 0-07-284303-9

This student study guide is an aid to learning material covered in your text. It provides an overview for each chapter as well as a set of learning activities. Answers to all questions are provided in the Study Guide to provide immediate feedback.

If your bookstore does not stock the Student Study Guide, ask them to order it for you.
