

In the Seventh Edition of *Children*, John Santrock takes you on a journey through child development that presents the state of the art in research coupled with practical applications that you can use to improve the lives of the children in your community. This edition of *Children* contains over 500 21ST Century research citations along with a new learning system to help you master concepts and achieve your learning goals. You will also find strategies for interacting with children and a range of career options in child development. John Santrock has combined theory and application in a way that will inspire you to learn and participate in improving the lives of our children.

All of this plus the best in e-Learning Technology...

Making the Grade Student CD-ROM — Packaged free with each copy of the text, this student oriented Test-Prep CD-ROM is designed to help you improve your performance. In addition to practice exams, you also get a Learning Style Survey, Guide to Electronic Research, and a Study Skills Primer to help you Make the Grade!

Online Learning Center

The student Online Learning Center houses an array of chapter-by-chapter study tools, including detailed chapter outlines, concepts and learning objectives, flashcards for key terms, self-quizzes, essay questions, activities and projects, explanations of American idiomatic expressions, answers to the Epilogue questions in the textbook, crossword puzzles, web links, and interactive web activities.
