

Build instructional materials where-ever, when-ever, and how-ever you want!

ARIS™ Presentation Center is an online digital library containing assets such as artwork, photos, PowerPoints, and other media types that can be used to create customized lectures, visually enhanced tests and quizzes, compelling course websites, or attractive printed support materials.

Nothing could be easier!

Accessed from the instructor side of your textbook's ARIS website, Presentation Center's dynamic search engine allows you to explore by discipline, course, textbook chapter, asset type, or keyword. Simply browse, select, and download the files you need to build engaging course materials. All assets are copyright McGraw-Hill Higher Education but can be used by instructors for classroom purposes.

The screenshot shows the McGraw-Hill Presentation Center search interface. It features three main search methods: Search by Book, Search by Media, and Search by Keyword. Each method has a set of filters and a search button. The Search by Book section includes filters for Discipline, Course Book, Author, Book Title / Edition, and Book Chapter. The Search by Media section includes filters for Asset type, Location, File type, and Media type. The Search by Keyword section includes a text input field for the keyword. A red button labeled 'SELECT ALL THE ADVANCED SEARCH OPTIONS YOU WANT' is located at the bottom right of the search area.
