

Experimental Biology

A Laboratory Manual

Abhijit Dutta

Experimental Biology: A Laboratory Manual provides a theoretical basis of various practicals in a lucid manner at graduate and postgraduate levels. This includes Immunology, Microbiology, Animal Cell Culture, Biochemical Techniques, Separation and Analytical Techniques, Haematology, and Physiology. The methods are detailed completely in a step-by-step format that allows the students to perform experiments without reference to any secondary source. The reagents and chemicals are specified with exact methods of preparation so that no further calculations are necessary. The book contains several relevant figures, flow diagrams and charts to aid the students.
